Annex A: Annual Report of Management

The results of the Company's operations for 2023 have been very encouraging as the Company continued to recover and surpass its pre-pandemic financial performance. The business environment remained challenging for most of 2023 but it also presented unique opportunities that the Company was able to tap and capitalize on to grow its business.

Last year, the Company generated Real Estate Sales of P6.5 billion, exceeding for the first time its 5.9 billion sales accomplishment in 2019, while achieving a 10% growth from P5.9 billion in 2022. This growth was driven by improved real estate bookings from the Company's projects in Boracay Newcoast, Southwoods City and Twin Lakes.

Real estate reservation sales reached P19.23 billion in 2023, surpassing its record of P19.18 billion in 2019 and P18.8 billion in 2022. Demand for projects in Boracay Newcoast, Twin Lakes and Eastland Heights accounted for the bulk of reservation sales.

Consolidated revenues of 8.3 billion in 2023 rose by 14% from 7.3 billion in 2022, marking its full recovery from 2019. The increase in revenue was due to strong performance across its business segments, including real estate sales, rental and hotel operations.

After outpacing in 2022 the pre-pandemic full year income of 1.9 billion, the Company's net income reached 2.1 billion in 2023.

With the return of consumer confidence in travel, income from Hotel Operations surged by 35% to reach P567 million, driven in part by MICE tourism in Boracay Newcoast which hosts the Newcoast Convention Center and the Savoy and Belmont hotel brands.

Similarly, leasing revenue experienced a significant rise to P552 million, up by 21% from P456 million in 2022. This marked improvement was due to the growing foot traffic and retail partner sales in GERI's commercial and retail spaces.

With market preference shifting towards leisure properties outside Metro Manila, the Company launched last year, new residential and leisure offerings with a total value of 5.55 billion across its tourism and lifestyle estates, particularly in Boracay Newcoast, Eastland Heights and The Hamptons Caliraya.

In the same year, the Company completed previously launched condominium projects in Southwoods City, The Hamptons Caliraya and Boracay Newcoast with inventory value of P4.7 billion.

The Company also invested in amenities designed to enrich the lifestyle experiences in its destination estates. Springs, a tropical resort offering refined relaxation in nature, and D' Olive, a lifestyle hub offering fresh food concepts, both located in Eastland Heights, opened their doors last year.

In Twin Lakes Hotel, a French-inspired wine gallery overlooking a vineyard and featuring sherry wines paired with European cuisine, was launched last year to cater to hotel guests and Twin Lakes residents.

True to its culture of innovation, the Company conceptualized marketing facilities offering buyers an immersive experience rather than conventional model units. Arden Café offers views of the 251-hectare Arden Botanical Estate, a flower park, the mountains and the sunset. Sparke, a park of tulips in Southwoods City offers a taste of the Southwoods lifestyle and views of the Tulip Gardens condominium complex and Southwoods Mall.

The Company seeks to launch more leisure estates and lifestyle communities integrated with nature with the view of offering spaces designed for joyful and mindful living where people can live in harmony with nature, oneself and the community. We believe in the resilience of the Company's "nature plus leisure community" model as it addresses the human person's deepest aspirations.

To realize the Company's vision for its development model, the Company formed Integrated Resorts Property Management to provide resorts-style property management for the Company's destination estates as well as hospitality-inspired customer experience to leisure property buyers. Through Integrated Resorts, the Company seeks to facilitate harmonious engagements inside its communities while promoting a culture of stewardship towards the natural environment integrated into its developments for the enjoyment of the present and future generations.

The Company has an expansive landbank in the flourishing centers of Batangas, Cavite and Cagayan de Oro sufficient to sustain its development activities in the next 10 years.

In the pursuit of its business, the Company is guided by its social responsibility commitment to its stakeholders.

The Company aligns its sustainability initiatives to its parent Megaworld's MEGreen Program by cultivating a "love for the earth" mindset among its employees thru its environmental, health and safety programs. The Company recognizes that the best way forward is to incorporate sustainable elements in the design of its developments where it has the most opportunity to make a difference. The Company continues to develop responsibly, striving to minimize impact to the environment during the development of its projects and protect natural features incorporated into its projects.

The Company values its human resources and rely on them to steer the Company into the future. The Company prioritizes the well-being of its employees thru employee engagement initiatives, workplace amenities, support services, health benefits and wellness programs. In a post-pandemic move, the Company implemented the "Work Closer to Home" initiative, relocating its offices to three geographically apart locations in Eastwood, McKinley and Southwoods in order to bring the workplace closer to the homes of its employees, drastically reducing commute time to afford employees more time for family, fitness and leisure, in order to achieve work-life balance.

The Company cultivates a culture of competence and excellence and provides training opportunities for its workforce. In 2023, the Company conducted two key leadership conferences -- Leadershift for its senior executives and Leadership Next for its key managers. Both conferences encourage company executives and managers to adapt leadership styles to fit the times, master change, manage disruptions, develop resilience, and lead during turbulent times or times of political and economic uncertainty.

The Company listens to its customers and responds to customer concerns by offering customized solutions to their individual needs. On top of its accounts management teams, the Company has a client engagement group which offers customer support after property hand over to ensure that clients are served at every step of the customer journey.

We are grateful to our stockholders for their trust. Their confidence inspires us to continuously explore new pathways for growth and value creation.
